Attachment B

New Ulm Telecom (NU) is a diversified communications company headquartered in New Ulm, Minnesota with more than 111 years of experience in the local telephone exchange and telecommunications business. We are a public company that is thinly traded on the OTC Bulletin Board. Our principal line of business is the operation of five local telephone company or incumbent local exchange carriers (ILECs).

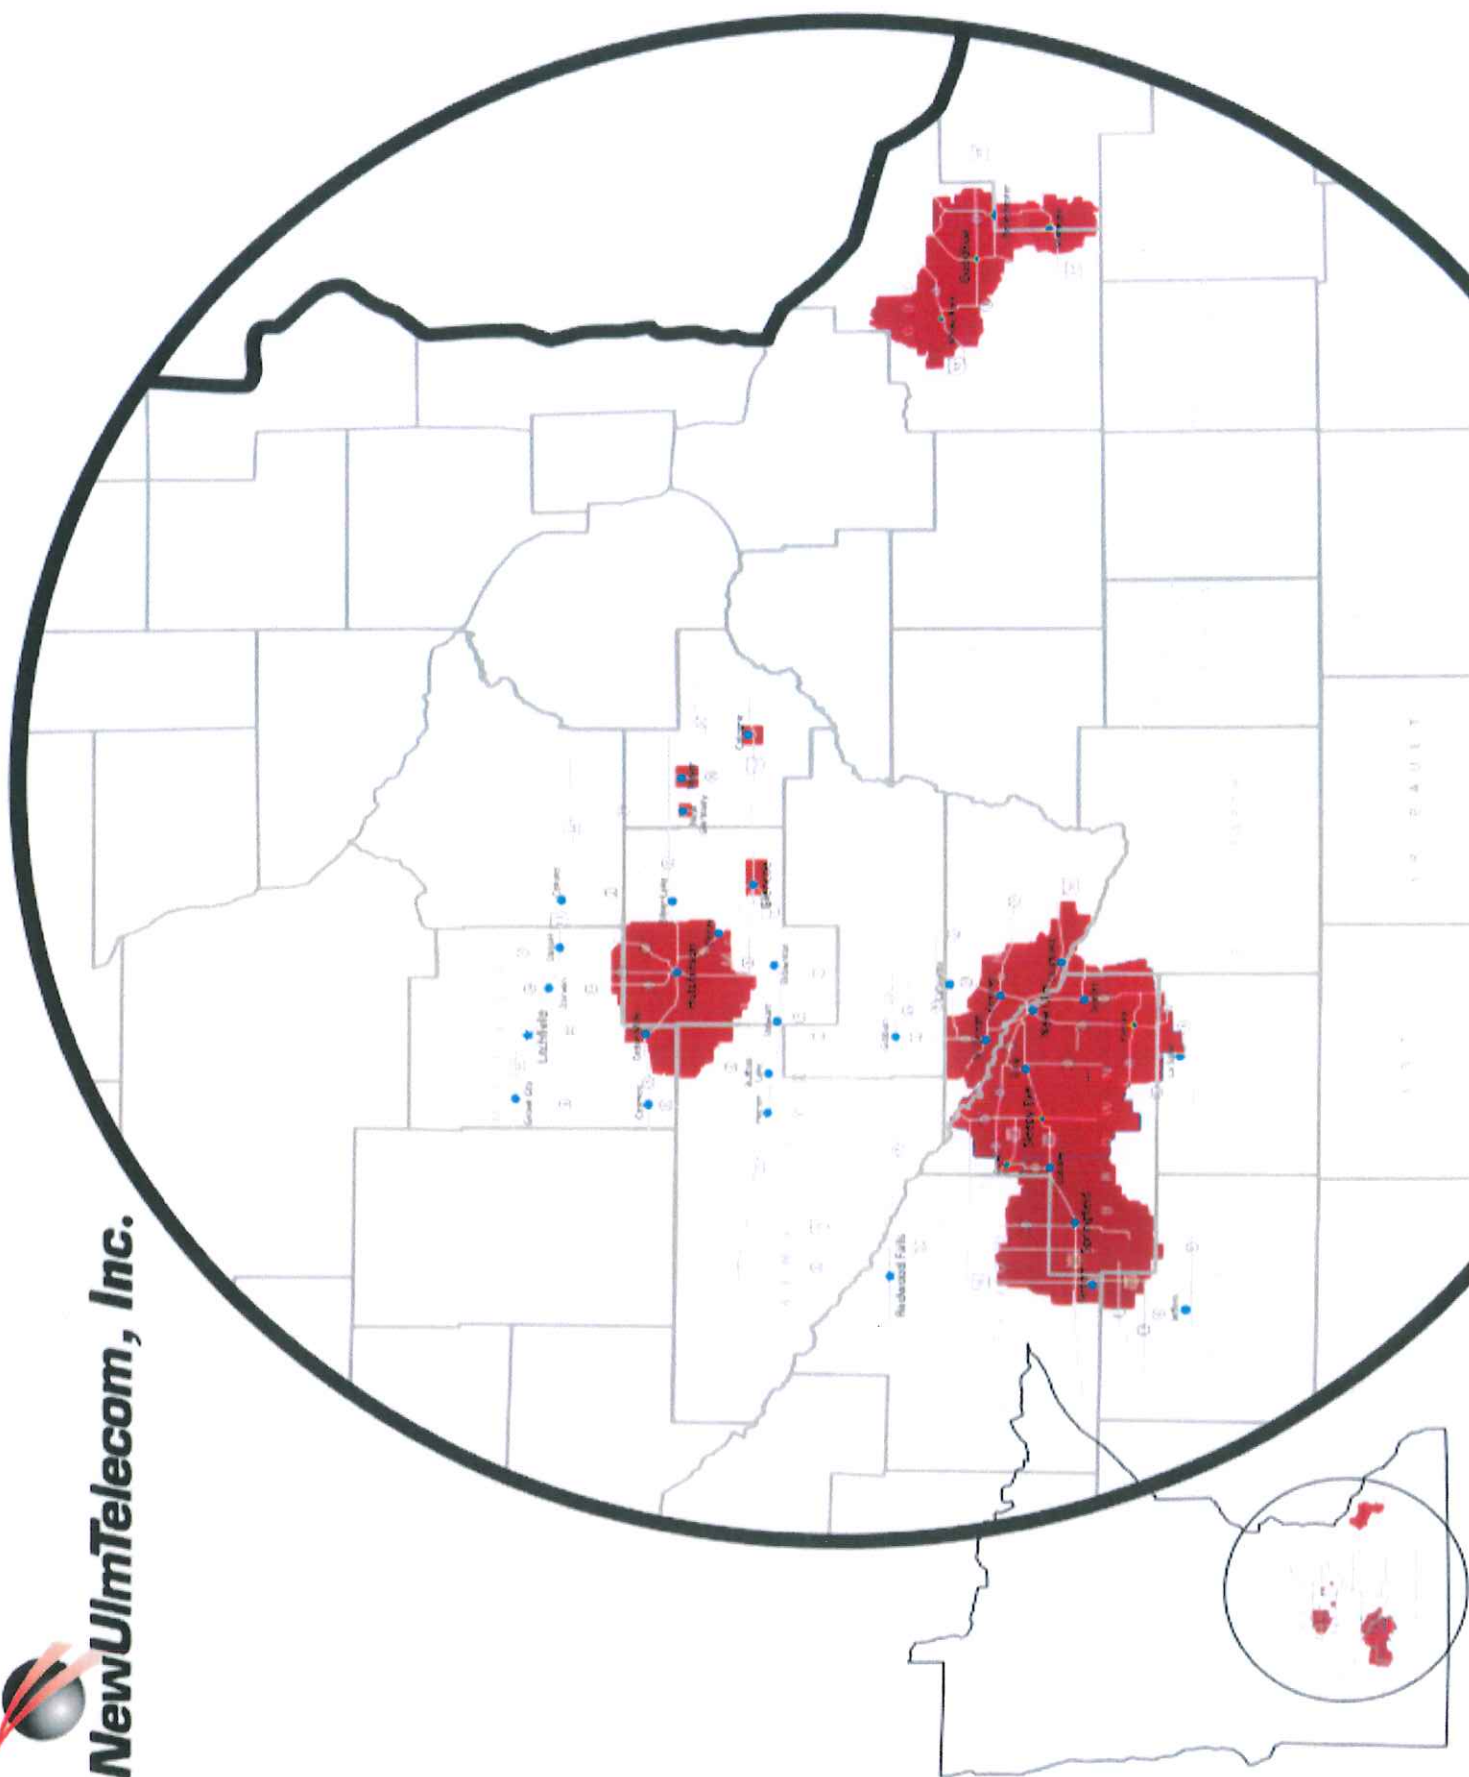

Our original business was founded in 1905 and consisted of the operation of a single ILEC (New Ulm Rural Telephone Company).

Over the years, we have grown organically and through acquisitions:

- 1987 – purchased Western Telephone Company (ILEC) which serves the Springfield and Sanborn, Minnesota areas
- 1993 – purchase Peoples Telephone Company (ILEC) located and servicing the Aurelia, Iowa area
- 1996 – became an ISP
- 2000 – began offering digital TV in our service areas
- 2006 – NU partnered with two other telephone companies and purchased Hector Communications
- 2008 – purchased Hutchinson Telephone Company
- 2010 – purchased Glencoe CATV system
- 2012 – spun off the Hector property to the three owners

Today, New Ulm Telecom, Inc. has nine office locations serving over 35 communities. We have 130 excellent employees and serve ±:

- 24,000 access lines
- 10,500 video subscribers
- 15,500 broadband subscribers
